

Easier. Proven. Revolutionary.

For better care, lower costs and happier,
healthier employees

Not just different. Better.

This is **Banner|Aetna** — We are an Arizona-based health insurance company focused on creating better health outcomes at a lower cost, all while improving the overall member experience. Our goal is to create a different and better approach to health care by:

- Offering networks that provide the broadest coverage both in and outside of Arizona, alongside performance and value-based networks that focus on enhanced clinical management for optimal claim savings.
- Providing more convenient ways to access providers, whether it is in person or virtually. We offer an on-demand primary care text-based service, telemedicine with in-network providers, walk-in clinics, CVS MinuteClinics®, HealthHUB® Locations, pharmacies, Banner Specialty Pharmacy and much more.
- Deploying a unique “feet on the street” coordinated-care approach, to better manage high-risk members, including 24/7 access to triage nurses.

Integrated customer service teams and **24/7 Banner Nurse Now line** available to answer any plan or clinical questions. The nurses can answer questions in real time and recommend care at home or nearby facilities.

All Banner Medical Group providers offer telemedicine, as do many more of our providers. Members can now see on their member portal which providers offer telemedicine.

The latest in health care innovation

With **sophisticated data integration**, providers have instant access to specific member information as soon as they open a medical chart. This way, member data remains consistent between Banner|Aetna practices.

Specialized care for higher-risk members

High-risk patients can rely on a **Multi-Disciplinary Care Team** to provide them with a localized, high-touch, intensive care-management strategy. Plus, teams use a unique "feet on the street" care approach to collaborate with the plan participants' providers face-to-face.

Access to the **Banner Family Pharmacy** for specialty medication, care information and for questions about treatment. We also provide free prescription shipment, fast deliveries and a 24/7 support line.

Together with CVS Health®, we're opening a new front door to health care.

CVS Health provides our members with local, convenient access to lower-cost screenings, follow-up treatment and more with **MinuteClinic®** locations.
